PROGRAMME

14.15 – Welcome addresses and Presentation of the Workshop

Prof. Franco Pedrotti (President of *PLANTA*)

Dr. Domenico Barbuza (President of Parco dei Nebrodi)

Geom. Vincenzo Grisà (Major of the City of Ucria)

Dr. Ignazio Digangi (Director of Ente Parco dei Nebrodi)

Prof. Francesco M. Raimondo (Director of *PLANTA*, Organizing Committee President)

FIRST SESSION

Chairperson: Franco Pedrotti

14.30 - Mohamed Rejdali (Istitute Agronomique et Vétérinaire Assan II, Morocco):

Dendrological biodiversity and forestation in Morocco.

14.50 - Ignazio Camarda (*PLANTA*, Italy): *Enhancement of the germplasm of monumental trees in Sardinia.*

15.10 - N. Lachashvili, K. Kereselidze & M. Kikvidze (Institute of Botany of Ilia State University, Georgia): *The diversity of dendroflora and forests in Georgia.*

15.30 - Gianniantonio Domina (University of Palermo, Italy): *Risks in the use of alien species for urban and extra-urban forestation.*

15.50 - Emilio Laguna (Centro para la Investigación y Experimentación Forestal, Spain): *Forest Seedbanks as a tool for urban, peri-urban and extra-urban forestations: the example of the Valencian Community (Spain).*

16.10 - R. Pardi & M. L. Gargano (University of Bari, Italy): *Urban forestation in the City of Bari (S-Italy).*

16.30 - Benito Valdés (University of Sevilla, Spain): *The afforestation of the 'Isla de la Catuja' (Sevilla, Spain) 30 years later.*

16.50 - Coffee break*

SECOND SESSION

Chairperson: Mohamed Rejdali

- 17.10** - D. Kharazishvili, G. Kldiashvili & **D. Varshanidze** (Batumi Botanical Garden, Georgia): *The collection of forest species germplasm in the Batumi Botanical Garden (Georgia).*
- 17.30** - **E. Di Gristina** & G. Venturella (University of Palermo, Italy): *Experiences of propagation of native plants in Sicily.*
- 17.50** - **Svetlana Bancheva** (Academy of Sciences, Bulgaria): *Native trees for forestation in Bulgaria.*
- 18.10** - **S. Aprile** & G.V. Zizzo (CREA DC Bagheria, and *PLANTA*, Italy): *Experiences of propagation and nursery of autochthonous Mediterranean shrubs.*
- 18.30** - **Pasquale Marino** (Bona Furtuna/Furtuna Skin, CA, USA): *Native trees and their potential: a case of regenerative forestation with downy oak in an arid Sicilian valley floor.*
- 18.50** - **E. V. Perrino** & P. Perrino (CIHEAM, Mediterranean Agronomic Institute of Bari, and Germplasm Institute CNR-Bari, Italy): *Origin and genetic characterization of forest germplasm in Mediterranean Italy.*
- 19.10** - **P. Campisi** & F.M. Raimondo (University of Palermo, and *PLANTA*, Italy): *Importance of minor native wood species in urban, peri-urban and extra-urban forestation.*
- 19.25** - **V. Spadaro** & F.M. Raimondo (University of Palermo, and *PLANTA*, Italy): *Dendrological biodiversity and forestation in Sicily.*
- 19.40** - **A.E.A. Bucchini** & F. M. Raimondo (University of Urbino, and *PLANTA*, Italy): *Innovative training in the nursery activity according the PNRR programme for forestation in Italy.*
- 19.55** - **V. Malacrinò** & F.M. Raimondo (*PLANTA*, Italy): *Structural models and spatial verticality in the urban, peri-urban and extra-urban forestation.*
- 20.10 - Discussion and Conclusions**
- 20,30 – Closure of workshop**

Instruction for Registration: The attendance is completely free for all participants but registration is mandatory. The event will be held online on Microsoft Teams platform. To join the online meeting please send an accreditation request to the following email address: malfa@centroplantapalermo.org
