

# Save the Date

## Joint dissemination event

**Date:** 25<sup>th</sup> of September

**Location:** Vallombrosa, Italy

We are pleased to invite you to a joint Dissemination Event hosted by the DigiMedFor and SINTETIC projects.

Focus: Innovative technologies for Mediterranean forest management

Language: English (with simultaneous Italian translation)

Audience: Open to all – forest managers, researchers, policymakers, and technology providers

The day will showcase cutting-edge tools and methods from both projects, including live demos and technical presentations. From forest inventory apps to traceability systems, you'll discover how digital innovation is reshaping forestry across the region.
